

# 2019 Pandalus Prey

Krista Kenyon

2024-04-24

## Introduction

## Methods

### Collection of Stomach Samples

### Stomach Content Analysis

### Data Analysis

## Results

### Predator Distribution by Assessment Area, Length, and Depth

### Proportion of Full vs. Empty Stomachs

### Composition of Prey Items

#### Composition of Prey Items by %W

#### Composition of Prey Items by %N

### Pandalus as Prey

#### Relative Proportion of Pandalid Prey by Predatory Species

#### Relative Proportion of Pandalid Prey by Survey Area and Depth

#### Relative Proportion of Pandalid Prey by Size Class for Atlantic Cod (*Gadus morhua*)

#### Relative Proportion of Pandalid Prey by Size Class for Greenland Halibut (*Reinhardtius hippoglossides*)

#### Relative Proportion of Pandalid Prey by Size Class for Redfishes (*Sebastes* sp.)

#### Relative Proportion of Pandalid Prey by Size Class for Skates (*Rajidae*)
